COLD CASE INFORMATION

CASE #881013703

Victim: Dianne Marie Abbuhl

On September 8th, 1988, 24-year-old University of Arizona student, Dianne Abbuhl, was reported missing from her residence by a fellow student. For the next six weeks the University of Arizona Police Department investigated Ms. Abbuhl's disappearance. On October 13th of that same year, skeletal remains of an adult female were found in a rural desert area west of Tucson, Arizona. These remains were subsequently identified as Dianne Adduhl. The Pima County Sheriff's Department took over the case at that time, investigating Ms. Adduhl's death as a homicide.
